International COVID-19 Overview

From CESAM's Average Agents

Dear all,

In this current context linked to COVID-19, our first thoughts go to our Networks, Average Agents, recommended by our CESAM Group. They're facing new challenges everyday as countries try to cope with the COVID-19 pandemic.

CESAM | International Department
Networks Unit
Mathilde DOCQUIERT

We would like to warmly thank our Average Agents for this precious collaboration. The following sheets are directly completed by them, without modification of CESAM.

If you have any questions, feel free to contact them.

1. Main measures taken by government (max. 2 lines of explanation for each measure)

- CONFINEMENT** : Restrictions may apply to a certain region or all of Finland. The regional restrictions and recommendations in place depend on the phase of the epidemic in the region in question. The restrictions in place aim reduce the number of contacts between people. The purpose of the restrictions is to ensure that Finland emerges from the crisis as quickly and with as little damage as possible. The measures aim to protect the lives and health of people, especially the most vulnerable. The decisions to impose restrictions take into account their impact on the epidemiological situation, the economy and people's wellbeing.
- NON ESSENTIAL BUSINESS' CLOSURE** : The authorities may introduce regional restrictions on business and leisure activities when this is necessary to prevent the spread of the epidemic. All restaurants may be open as of 19 April 2021. Restrictions on opening hours and customer numbers will continue to be in place as required by epidemiological situation in the area, and customers in restaurants should be guided to their seats. The situation will be reviewed on a weekly basis.
- BORDERS' CLOSURE** : Finland has in place restrictions on entry from almost all countries. The current restrictions are indispensable in order to slow down the spread of the pandemic. The restrictions on entry into Finland will run to 25 May 2021. Further details can be found from : <https://valtioneuvosto.fi/en/entry-restrictions>. Regional state administrative agencies may order travellers arriving in Finland to undergo a health check. If a person refuses to undergo a health check, a physician specialising in communicable diseases may place that person in quarantine for 14 days.
- OTHERS** : The authorities may introduce regional restrictions on events, business and leisure activities when this is necessary to prevent the spread of the epidemic. The restrictions may apply to the use of premises or the number of participants in activities, for example. The guidelines on good hygiene and safe distances are in force throughout the country. Event organisers are responsible for ensuring compliance with the guidelines in practice.

CONFINEMENT : Regions are coded as “red” (currently no regions) or “orange” (currently no regions) or “yellow” (all 21 regions) or “white” (currently no regions) according to spread of pandemic and strength of local health services. Confinement at home (“curfew”) has been cut by 1 hour for “yellow” regions (currently is in force from 23:00 to 05:00, i.e. starts one hour later than before). It is expected to be further cut or even cancelled in the near future in case of further reduction of pandemic spread. Movements during curfew for proven needs or business purposes are always allowed, subject to exhibition of self-certification. For particulars about spread and evolution of pandemic in Italy please refer to <https://lab24.ilsole24ore.com/coronavirus/>.

NON ESSENTIAL BUSINESS' CLOSURE : Gradual reopening of almost all non-essential business continues, subject to compliance with general health safety measures, which remains mandatory. Bars and restaurants are open for on-site outdoors consumption within allowed time for circulation of people (now from 05:00 to 23:00 hours). Bars and restaurants in “yellow” regions will be allowed to provide services also indoors from 1st June next.

BORDERS' CLOSURE : Entry from EU countries and Shengen Area, as well as from Great Britain and Israel, is allowed with negative swab test, without compulsory quarantine. Travellers are still required to produce on arrival the certificate for a negative molecular or antigen swab test, taken in the 48 hours prior to arrival in Italy. 1. Main measures taken by government (max. 2 lines of explanation for each measure)

- CONFINEMENT** : Regions are classified according to colour code (white, yellow, orange and red) in increasing order of epidemic risk level. Classification is reviewed weekly according to public health records. Travel restrictions and lockdown measures apply according to risk level, with derogations for proven business purposes. Smart-working from home is recommended as far as feasible.
- NON ESSENTIAL BUSINESS' CLOSURE** : Some non-essential retail businesses or public-open venues and events are suspended, others restricted depending upon colour code of the region.
- BORDERS' CLOSURE** :

Entry from the countries of the European Union and the Schengen Area, Great Britain and Israel

The Minister of Health, Roberto Speranza, has signed an ordinance allowing entry from the countries of the European Union and the Schengen Area, as well as from Great Britain and Israel, with a negative swab test, **without compulsory quarantine**. Travellers are still required to produce on arrival the certificate for a **negative molecular or antigen swab test**, taken in the 48 hours prior to arrival in Italy.

However, the same ordinance extends the **restrictions against Brazil to 30 July 2021**.

India, Bangladesh, and Sri Lanka

With the order of 6 May 2021, the Minister of Health **extended to 30 May 2021** the measures in force for entry to Italy for people coming from India, Bangladesh and Sri Lanka, or who have been in the countries in the preceding fourteen days.

The new order prohibits entry to Italy for people coming from India, Bangladesh and Sri Lanka or who have stayed in the countries in the preceding fourteen days. The entry ban does not apply to the following persons:

Italian citizens registered as residents in Italy since before April 29, 2021 and who do not display any symptoms of COVID-19, and the persons referred to in Art. 51, paragraph, 7 letter n) of the Prime Ministerial Decree of 2 March 2021.

Italian citizens registered on the Registry of Italians Resident Abroad (AIRE);

People may also enter/re-enter Italy from these countries **for humanitarian or health reasons that cannot be deferred**, subject to express authorization from the Ministry of Health **and in compliance with a specific procedure** (see the section dedicated to India, Bangladesh, and Sri Lanka).

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT :

NON ESSENTIAL BUSINESS' CLOSURE :

BORDERS' CLOSURE :

OTHERS : Travels to Latvia are allowed only in specific urgent necessity cases (see point 3 below); Use of face masks is compulsory in all enclosed spaces (including public transport/taxi). Face masks are also compulsory outside, in public gathering places; "2+2" rule (ie. only two persons are allowed to meet, keeping two-meter distance) must be observed, excluding limited situations (such as performance of work duties and etc.)

2. Port's situation (max. 10 lines)

Prior to entering the port all ship agents of all cargo ships calling at the ports shall provide the port authorities with accurate information on the composition of the ship's crew and the health status of all crew members. The crew of foreign-flagged vessels calling at the Latvian ports shall be prohibited from coming ashore, except the specific cases to be agreed upon when necessary for the normal operation of the ship. Crew change in Latvia is not prohibited if the transportation of the seafarer from Latvia can be arranged. It should be noted that in practice disembarkation of Covid-19 infected crewmembers from a ship to a special hotel is very complicated due to absence of special rules for transportation of such patients and reluctance of private carriers to accept Covid-19 positive passengers. Surveyors' attendance can be arranged without complications.

3. Inland transports' situation (max. 10 lines)

Since 26 of February 2021 a person is allowed to travel to Latvia only in case of urgent necessity due to work, for receiving of medical services, for transit, and in other cases specified by Cabinet Rules No.655 (clause 5.49.1.1). It is compulsory for all persons, who are planning to cross Latvian border, to complete an electronic form at the web portal <https://www.covidpass.lv/en/> before crossing the border. Entering Latvia all persons aged 12 and older are required to have a document confirming a negative COVID-19 test made at least 72 hours prior to boarding the carrier's transport. This requirement shall not apply to seafarers who must reach their work place aboard a ship or must return from it, and in other situations specified in point 35.4 of Cabinet Regulation No 360. After arriving from a country with a high incidence of COVID-19 (more than 50 cases per 100,000 inhabitants) a ten-day self-isolation is compulsory, except if the person has recovered from Covid-19, has antibodies, and this fact is confirmed by a medical statement.

Place/COUNTRY : Romania

Name : Kalimbassieris Maritime SRL

Email : constantza@kalimbassieris.com

Phone : 0040241 693750

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT : General state of alert renewed monthly with civic duty to isolate as much as possible, circulation restricted daily between 10PM and 5 AM (or extended restrictions in highly infected areas), strong recommendations to work from home where possible. No quarantine requirement for seafarers and all categories of transport workers coming to Romania.

NON ESSENTIAL BUSINESS' CLOSURE : Not applicable at the moment, except for businesses implying large gatherings of people such as cultural events, sport competitions with audience, private events in closed or open areas. Other domains such as restaurants, cinemas work with restricted capacity depending on the infection rates of specific areas.

BORDERS' CLOSURE : Romanian citizens are allowed to travel to Romania. Foreign citizens are restricted to enter Romania, except for members of Romanian or EU citizens residing in Romania, persons holding residence permits, persons traveling for work purposes such as medical and transportation personnel, diplomats, military personnel, persons in transit, persons with imperative travel necessity, persons in need of international protection, persons traveling for study purposes and for work purposes, cross-border workers, agriculture workers, seafarers. The above mentioned restrictions no longer apply for citizens of countries in which restrictions for non-essential traveling have been lifted by the EU. Some terrestrial border points are closed and limited flights to/from countries with high infection rates.

OTHERS : Social distancing and wearing mask, observance of hygiene measures.

NONE :

2. Port's situation (max. 10 lines)

Activities in Romanian ports continue unrestrained with observance of minimal contact and compulsory personal protective equipment for attendance onboard vessels, namely disposable face mask and gloves. If infection cases are detected onboard vessels, the vessel is quarantined with operations continuing unrestrained. Medical assistance is allowed for any necessity, crew changes are possible without isolation and without Covid-19 testing (testing might be required by airlines and Ship Owners), pass permits are granted for seafarers coming from non-risk areas but the port policy is to keep the seafarers onboard for their own protection. Repatriations in case of illness/injury/death are possible.

3. Inland transports' situation (max. 10 lines)

Inland transportation of goods is possible without transporting personnel being submitted to isolation upon entering Romania and without Covid-19 testing and with observance of all preventive protocols.

4. Airports' situation (max 5 lines)

Flight services are limited to various extents to/from countries with high infection rate. The current status of flight services is fluctuant and changes frequently due to the international context and government measures taken in the context of these international changes.

- CONFINEMENT** : None.
- NON ESSENTIAL BUSINESS' CLOSURE** : Hotels and places of worship have been suspended in the 5 counties under lockdown.
- BORDERS' CLOSURE** : Borders are open.
- OTHERS** : The Government on 1 May 2021 eased the covid-19 containment measures by lifting lockdown restrictions on the five hinterland counties.

This may stimulate business activity at Mombasa port with more traffic coming in.

While there may be a bit of congestion on the roads it is unlikely to affect container cargo flow that is largely by rail and port operations are likely to remain normal.

2. Port's situation

Port operations are going on normally with adherence to the government laid measures of hand washing, sanitization, wearing of masks and working at home were applicable.

Kenya has begun to operate Lamu port which is situated about 341 Kilometers north east of Mombasa on 24 May 2021, this is expected to ease the vessel congestion scenarios witnessed at the port of Mombasa from time to time.

The port is expected to largely serve as a transshipment port, as well serving part of South Sudan and Ethiopia.

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT : Le Gouvernement a décidé d'interdire les déplacements nocturnes entre 23h00 et 04h30, à partir du 22 mai 2021. La fermeture des commerces, des restaurants et des cafés à 23h00, ainsi que le maintien de toutes les autres mesures de précaution en vigueur dans le cadre de l'état d'urgence sanitaire, c'est ainsi que les fêtes, rassemblements, manifestations, salles de cinéma et funérailles sont interdits.

Ces mesures sont prises suite aux recommandations du Comité scientifique et technique et tiennent compte des conclusions du suivi quotidien de la situation épidémiologique, qui est en amélioration dans le Royaume. Afin de consolider cette bonne situation, tous les citoyens et résidents sont appelés à continuer à faire preuve d'un engagement responsable et d'une forte adhésion aux efforts consentis et à veiller au respect des mesures préventives pour préserver les acquis et contribuer à un retour progressif à la vie normale.

NON-BUSINESS' CLOSURE : Il s'agit aussi d'une fermeture des restaurants, des cafés, des commerces et des grandes surfaces tous les jours à 23h00.

BORDERS' CLOSURE : dans le cadre des mesures préventives contre la propagation de la pandémie Covid-19, dont notamment les nouvelles variantes, le Gouvernement Marocain a décidé de suspendre les vols en provenance ou à destination de 54 pays.

Sont également concernés par ces mesures les passagers voyageant de ces pays à travers un autre pays. Il y a lieu de noter que seul le variant britannique a été détecté au Maroc, avec 24 cas de contamination.

OTHERS : L'interdiction de déplacement entre les préfectures et les provinces classées zone à risque, sauf en cas de nécessité extrême ou dans le cadre des déplacements des personnes travaillant dans les secteurs économiques ouverts outre le transport des marchandises et des produits de base.

2. Port's situation (max. 10 lines)

Les ports marocains poursuivent leurs activités dans le respect absolu des mesures sanitaires imposées par les autorités compétentes. Dans les ports de commerce gérés par l'ANP, hors Tanger Med, la communauté portuaire continue à offrir ses services aux acteurs du commerce international. Au 31 mars 2020, le mouvement des échanges a fait ressortir une augmentation de 7,3% par rapport à la même période de l'année 2019, et une hausse de 1,4% de l'activité des conteneurs. Le marasme économique à l'échelle mondiale et l'état d'urgence sanitaire au Maroc n'ont pas affecté l'activité d'import-export de marchandises au niveau de Tanger Med, qui continue à recevoir camions et conteneurs contenant des marchandises à destination et en provenance de l'extérieur. Par ailleurs, les mouvements des gens de mer des navires de commerce sont autorisés depuis le 20 juin 2020. Toutefois, Ces mouvements, qui sont soumis à l'approbation préalable de la Direction de la Marine Marchande, doivent se faire dans le respect du cadre sanitaire édicté et adopté dans le Royaume.

1. Main measures taken by government

☒ **CONFINEMENT** : The Gouvernement of Bangladesh has taken the following decisions in the current situation of (Covid-19) infection on 19.05.2021 : ■ Bangladesh on Wednesday reported 37 Covid-19 deaths in 24 hours, taking the national count to 12,248. The mortality rate though remains static at 1.56%. ■ The country saw 1,608 new cases as 20,538 samples were tested during the 24-hour period, according to the Directorate General of Health Services (DGHS)- **The infection rate rose to 7.83% from Tuesday's 7.55%.** ■ The duration of the ongoing restriction has been extended from April 21 midnight to May 29 midnight. Bangladesh has ascertained the presence of five Covid 19 variants in the country since November last year, with the Indian variant (B.1.617.2) being the latest. The rest of the variants identified in the country are the UK (B.1.1.7), South Africa (B.1.351), Nigeria (B.1.525) and Brazilian (P1) variants of the coronavirus. ■ The government and public health experts are concerned about a possible third wave of Covid-19 in early June due to the detection of the Indian variant of the virus in Bangladesh. ■ **The country also logged a total of 783,737 coronavirus cases and total deaths 12,248 and total recovered from Covid-19 726,132 as of 20th May-21 at 8:36GMT.** ■ **Banks** will continue to operate on weekdays until 2:00pm until May 23, after the government decided to again extend the ongoing restrictions on public movement and gathering in a bid to stop further spread of Covid-19. However, branches will remain open until 2:30pm to complete their regular procedures ■ **Non-bank Financial institutions** to reopen for emergency services on a limited scale amid a lockdown over the coronavirus outbreak. Bangladesh has 34 non-bank Financial institutions. ■ **Police** to get magistracy power to ensure that everyone wears a mask; by amending the Infectious Diseases (Prevention, Control and Eradication) Act-2018 to make people wear masks due to lack of manpower to conduct mobile courts. ■ In the wake of the spread of Covid-19 virus in March last year, the government shut down the **country's educational** institutions; would remain closed until May 29. The government has decided to ensure vaccination of all students before opening colleges and universities for in-person academic activities.

☒ **NON ESSENTIAL BUSINESS' CLOSURE** : ■ Long-haul bus transport would remain suspended but public transport can operate inside the districts (from 6 May). Train and launch services would remain suspended. ■ Government unlikely to resume long distance transports soon. As public transports have been immobile since April 5. The government decided to allow public transport services on a limited scale from May 6. Following this decision, only intra-city and intra-district buses are currently running to transport passengers. Only emergency services vehicles, vehicles carrying essential goods such as fuel, medicines, perishables, relief items, newspapers and garment products, were allowed to operate. ■ The government has sought immediate delivery of 4m Oxford-AstraZeneca vaccine jabs from US. The US Ambassador to Bangladesh Earl Miller has said it is actively considering the request made by Bangladesh regarding the supply of Covid-19 vaccine doses. ■ China has donated 500,000 doses of the Sinopharm Covid-19 vaccine to Bangladesh. Medical college and nursing college students along with medical technologists will get this vaccine first, Administering of Chinese Covid-19 vaccine will begin on May 25 or 26.

☒ **BORDERS' CLOSURE** : Bangladesh's border with India be kept closed till the coronavirus situation in India becomes normal, Bangladesh has extended the suspension of land connectivity with India for 14 more days as the Covid has been ravaging the neighboring country. ■ Earlier on 26 April, Bangladesh announced closure of road communications with India. it would add Bangladesh, Kenya, Pakistan and the Philippines to its travel "red list", banning entry to people arriving from those countries unless they are British or Irish nationals.

☒ **OTHERS** : ■ Domestic air travel is operating a limited service. Further restrictions may come into force at short notice. .

☒ **NONE** : ■ The effects of coronavirus have detrimentally affected the overall activities of the Bangladeshi industries. Of these, the import of industrial materials has been most disrupted. ■ The cancellation of domestic and foreign flights has contributed to this crisis. At the same time, travel visas for tourists from all countries have been suspended for the time being.

2. Port's situation

■ According to Bangladesh Bank's report, from July 2021 to February-2021 of the current financial year, the Opening rate of 'letter of credits' (LCs) for industrial equipment imports has decreased by 24.33%.

■ Vessels are waiting up to five days for a berth at Chittagong port, adding to the woes of importers during lockdown. Previously, vessels berthed within two days of arriving at the port area and, normally, ships can unload boxes and reload within 48 hours. This has now increased to 72 hours. 91 operating vessels are currently in the Chittagong port area.

At the same time, the number of containers at the port yard has reached more than 38,000 teu, due to slow delivery, despite the port authority's recent efforts to keep the yard free of congestion.

3. Inland transports' situation

■ No body is allowed to go outdoors unless there is an emergency such as buying medicine and essentials or taking treatment. ■ Businesses and services: Shops, including shopping malls, are operating reduced hours. Banking services are also likely to be affected. Emergency services including hospitals remain open. At short notice local authorities may lockdown buildings, streets and areas in order to control the spread of coronavirus.

■*Accommodation: Some hotels and guesthouses are open, but services and guest capacity are limited. In areas with high infection rates hotels and guesthouses may close completely.

4. Airports' situation

■ Restrictions on air travel in the nationwide lockdown implemented. Although domestic air travel is operating a limited service. Further restrictions may come into force at short notice. ■ People coming from 23 countries, including Turkey, will have to stay in quarantine for 14 days at government-designated hotels at their own expense. (Notes: The 23 countries are Austria, Azerbaijan, Belgium, Chile, Croatia, Estonia, France, Germany, Greece, Hungary, Iraq, Italy, Latvia, Lithuania, the Netherlands, Paraguay, Peru, Slovenia, Spain, Sweden, Switzerland, Turkey, and Uruguay.) ■ Passengers from Bahrain, Kuwait, and Qatar will have to complete a mandatory three-day quarantine period at government-designated hotels at their own expense. ■ No foreign passengers will be allowed from 12 countries from India, Argentina, Brazil, Colombia, Costa Rica, [Greek] Cyprus, Georgia, Iran, Mongolia, Oman, South Africa, and Tunisia, according to the CAAB. ■ Bangladesh Civil Aviation Authority suspends flights from Nepal from 10 May until further notice. ■ Biman Bangladesh Airlines has suspended all flights to Saudi Arabia for five days, from May 20 to May 24, 2021, due to various issues including hotel quarantine facilities by the Saudi authorities.

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT : Due to the « second wave » of Covid-19 hitting the country, the tightening of measures in the Buenos Aires Metropolitan area (AMBA) were extended until 21st May 2021, including the existing night time curfew from 8 PM to 6 AM for those not considered essential workers. All recreational, cultural, social, sports and religious activities in closed places remain suspended. Activities in open places are allowed with limitations. Closure of schools adopted in certain provinces. The rest of the provinces were invited to adopt same measures depending on situation.

NON ESSENTIAL BUSINESS' CLOSURE : Certain activities closed until 21st May 2021. Others remain open with limitations, including business hours restricted to 10 hours, between 9 AM to 7 PM. International trade has been always exempted.

BORDERS' CLOSURE : Borders closed for most foreign travellers and tourism. Due to rising infections in neighbouring countries, since March 27th regular flights from Brazil, Chile and Mexico remain suspended until further notice. Government urged Argentinians to avoid unnecessary trips abroad. On 29th March 2021 it was announced the closure of all land entries for those who had left the country between 25th December 2020 and 1st April. Entry is allowed to them only through Ezeiza, Aeroparque Jorge Newbery and San Fernando airports and the Buquebus ferry terminal in Buenos Aires . International trade allowed, however with limited international border entries opened. Further details can be found at: <https://www.argentina.gob.ar/seguridad/pasosinternacionales>

OTHERS : All persons arriving to the country will be required to present a negative COVID 19 PCR test taken within 72 hours before travel and evidence of medical travel insurance. Also testing upon arrival required. If COVID 19 testing positive, passengers will be required to isolate in different hotels to be paid by each individual. Public transport allowed only for essential workers.

NONE :

2. Port's situation (max. 10 lines)

Activities are undertaken with difficulties due to health protocols being applied by ports. Requirements are more rigorous depending on the previous calls, transit time and crew changes. Certain ports still prevent vessels to berth if it arrives less than 14 days transit time. Body temperature measure previously taken at Zona Comun or Recalada for vessels arriving with less than 14 days transit time has been suspended, unless risk of infection presumed. Some terminals are requiring negative COVID-19 testing to allow ingress in certain cases. No crew changes still allowed. Repatriations restricted.

3. Inland transports' situation (max. 10 lines)

Activities are undertaken with difficulties due to protocols and local restrictions. Inland transport restricted.

4. Airports' situation (max 5 lines)

Airport activities are undertaken with difficulties. Since March 27 regular flights from Brazil, Chile and Mexico remain suspended until further notice.

There were 2.517 deaths recorded this Tuesday (May 18). Brazil now completes 118 days with the moving average of deaths above the 1.000 mark. There are 59.609.468 doses of vaccines against Covid applied across the country, but only 9.31% of the population received the second dose, completing the immunization schedule.

Covid: Anvisa updates guidelines for ports and vessels

[Texto em português abaixo]

On April 30th, the National Health Surveillance Agency (ANVISA) published Technical Note 5/2021, which updates and effectively compiles the guidelines for ports and vessels in this period of the Covid pandemic.

The Technical Note brings a detailed definition for “close contact” in a vessel and the port area, with subtle but important differences. Thus, if there are thirty crew members or fewer on the vessel, they are all considered closed contacts and subject to quarantine.

Either way, the Technical Note states that if there is a possible or confirmed case of COVID-19 on a vessel coming from a foreign port, all the crewmembers shall be tested.

If there is a possible COVID-19 case, the vessel will be in quarantine for 14 days. However, the quarantine can be lifted from the tenth day onwards if all crewmembers are tested negative (PCR test)

The Technical Note leaves it open for the Authority to consider if the 14 days period will begin on the day that the sample for the test is collected on the day of the onset of the symptoms. Still, it states clearly that the 14 days period will restart if there is another case registered on board.

The prohibition of maritime cruises and the restriction of disembarking of crewmembers remain in place, except for those related to repatriation and medical or dental assistance, according to Ordinance No. 652 of January 25, 2021 and its updates.

Another relevant update occurred on May 14th, when ANVISA published Ordinance 653/2021, which bans passenger flights from and with a passage in India, maintaining similar bans for South Africa and the United Kingdom only cargo flights.

- CONFINEMENT : No.
- NON ESSENTIAL BUSINESS' CLOSURE : Same as last report end of March 2021.
- BORDERS' CLOSURE : Partially closed : tourists are not allowed to enter Uruguay, only open to Uruguayan citizens who have to comply with the protocol norms established by the Government of PCR tests and quarantine.

2. Port's situation (max. 10 lines)

Open, our port was never closed. Working normally.

3. Inland transports' situation (max. 10 lines)

Uruguayan inter Departmental transport will be applied with 50% capacity and similar measures are urged to be taken in the transport within the Department itself. At the border with Brazil and Argentina, the drivers are requested to submit a PCR test and their health evolution is followed and controlled in the following days.

4. Airports' situation (max 5 lines)

Cargo shipments at the Airport are arriving and departing normally, this was never closed. Passengers' flights as above stated.

5. Any import cargo treatment/decontamination (max 5 lines)

- NO

6. Possibilities of surveys

- YES. This was never interrupted. Working normally.

7. Specific information (max 5 lines)

Today the lowest number of deaths was registered since April 4, but the number of patients rose. There were 37 deaths, the fewest in one day since April 4. Hopefully, this is the start of a trend.

The new infections were 2,981 compared to 2,200 yesterday. 15,160 tests were carried out and yesterday there were 10,232, with which the positivity (positive results on the total of tests carried out) went from 21.5% yesterday to 19.7% today.

The negative news of the day is that the number of patients with the disease grew to 25,554 from the 24,735 that there was yesterday Monday 10th May. Of these, 525 are admitted to Intensive Care Unit which at the moment have a "stable capacity".

The government will decide this week whether to maintain or abolish the measures adopted to reduce mobility among which are the closure of clubs and gyms and the suspension of public performances.

It is estimated that by the 8th June, the entire population that is scheduled will receive at least their first dose of the vaccine. Tomorrow Thursday 13th June, a shipment of Pfizer vaccines (80,000 doses) and AstraZeneca vaccines (50,400 doses) will be arriving in Uruguay.

The tentative calendar indicates that as from May 31, the fourth, fifth and sixth year schoolchildren from the interior of the country, would return to face-to-face classes.

- CONFINEMENT :
- NON ESSENTIAL BUSINESS' CLOSURE :
- BORDERS' CLOSURE :

2. Port's situation (max. 10 lines)

The Australian government has banned the export of some equipment that could help efforts to stop the spread of COVID-19, including: disposable face masks, disposable gloves, disposable gowns, goggles, glasses or eye visors, alcohol wipes, hand sanitizer.

All commercial vessels must now use the Maritime Arrivals Reporting System (MARS) for all vessel pre-arrival reporting.

All vessels entering Australia that have a suspected case of COVID-19 on board will not be allowed to unload goods or disembark travellers until cleared to do so by the human biosecurity officer.

Where vessels have a suspected case of COVID-19 on board, a human biosecurity officer will screen for COVID-19, determine the appropriate course of action and issue directions.

3. Inland transports' situation (max. 10 lines)

State Borders reopened across Australia.

Transport or freight of goods is exempt from border controls on the condition that the person performing the services must meet State exemption requirements; hold and display a border permit, wear a mask, practise social distancing, remain self-quarantined and submit a COVID-19 management plan.

Freight, transport or logistics operators may be required to show evidence of having received a negative COVID-19 test result and where entering Tasmania or Western Australia may also undergo screening and testing on arrival.
