International COVID-19 Overview

From CESAM's Average Agents

Dear all,

In this current context linked to COVID-19, our first thoughts go to our Networks, Average Agents, recommended by our CESAM Group. They're facing new challenges everyday as countries try to cope with the COVID-19 pandemic.

CESAM | International Department
Networks Unit
Mathilde DOCQUIERT

We would like to warmly thank our Average Agents for this precious collaboration. The following sheets are directly completed by them, without modification of CESAM.

If you have any questions, feel free to contact them.

1. Main measures taken by government (max. 2 lines of explanation for each measure)

- CONFINEMENT** : Restrictions may apply to a certain region or all of Finland. The regional restrictions and recommendations in place depend on the phase of the epidemic in the region in question. The restrictions in place aim reduce the number of contacts between people. The purpose of the restrictions is to ensure that Finland emerges from the crisis as quickly and with as little damage as possible. The measures aim to protect the lives and health of people, especially the most vulnerable. The decisions to impose restrictions take into account their impact on the epidemiological situation, the economy and people's wellbeing.
- NON ESSENTIAL BUSINESS' CLOSURE** : The authorities may introduce regional restrictions on business and leisure activities when this is necessary to prevent the spread of the epidemic. All restaurants may be open as of 19 April 2021. Restrictions on opening hours and customer numbers will continue to be in place as required by epidemiological situation in the area, and customers in restaurants should be guided to their seats. The situation will be reviewed on a weekly basis.
- BORDERS' CLOSURE** : Finland has in place restrictions on entry from almost all countries. The current restrictions are indispensable in order to slow down the spread of the pandemic. The restrictions on entry into Finland will run to 25 May 2021. Further details can be found from : <https://valtioneuvosto.fi/en/entry-restrictions>. Regional state administrative agencies may order travellers arriving in Finland to undergo a health check. If a person refuses to undergo a health check, a physician specialising in communicable diseases may place that person in quarantine for 14 days.
- OTHERS** : The authorities may introduce regional restrictions on events, business and leisure activities when this is necessary to prevent the spread of the epidemic. The restrictions may apply to the use of premises or the number of participants in activities, for example. The guidelines on good hygiene and safe distances are in force throughout the country. Event organisers are responsible for ensuring compliance with the guidelines in practice.

"Covid-tested" Flights - Passenger Locator Form

Covid-tested flights are flights that have been authorised by the Ministry of Health by means of a special ordinance. The Ordinance of 14 May 2021 has reinforced 'Covid-tested' flights, extending the trials to airports in Venice and Naples, following Milan and Rome, and extending the authorised routes to flights from Canada, Japan, United Arab Emirates and United States. To find out more about the passenger requirements for 'Covid-tested' flights and to complete the compulsory Passenger Locator Form, see: Covid-tested flights.

Travellers entering Italy shall refer to the dedicated website filling out a questionnaire :

<https://infocovid.viaggiasesicuri.it/>

COVID-19 Green Certificate

The **COVID-19 Green Certificate** is the free document in digital and printable format that makes it easier to attend public events in Italy (such as fairs, concerts, sports competitions, and festivities during religious or civil ceremonies), to access nursing homes and to move in and out of areas that may be classified as 'red zone' or 'orange zone'.

Classification of Regions

(Last updated : June 28, 2021)

Regions and Autonomous Provinces are classified into four areas - **red, orange, yellow and white** - corresponding to three risk scenarios, for which specific restrictive measures are foreseen.

The classification is based on ordinances issued by the Ministry of Health.

Red Area	Orange Area	Yellow Area	White Area
No Regions	No Regions	No Regions	Abruzzo Basilicata Calabria Campania Emilia Romagna Friuli Venezia Giulia Lazio Liguria Lombardia Marche Molise PA Bolzano PA Trento Piemonte Puglia Sardegna Sicilia Toscana Umbria Valle Aosta Veneto

Phone : +37167381463

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT :

NON ESSENTIAL BUSINESS' CLOSURE :

BORDERS' CLOSURE :

OTHERS : Travels to Latvia are allowed only in specific urgent necessity cases (see point 3 below); Use of face masks is compulsory in all enclosed spaces (including public transport/taxi). Face masks are also compulsory outside, in public gathering places; "2+2" rule (ie. only two persons are allowed to meet, keeping two-meter distance) must be observed, excluding limited situations (such as performance of work duties and etc.)

2. Port's situation (max. 10 lines)

Prior to entering the port all ship agents of all cargo ships calling at the ports shall provide the port authorities with accurate information on the composition of the ship's crew and the health status of all crew members. The crew of foreign-flagged vessels calling at the Latvian ports shall be prohibited from coming ashore, except the specific cases to be agreed upon when necessary for the normal operation of the ship. Crew change in Latvia is not prohibited if the transportation of the seafarer from Latvia can be arranged. It should be noted that in practice disembarkation of Covid-19 infected crewmembers from a ship to a special hotel is very complicated due to absence of special rules for transportation of such patients and reluctance of private carriers to accept Covid-19 positive passengers. Surveyors' attendance can be arranged without complications.

3. Inland transports' situation (max. 10 lines)

Since 26 of February 2021 a person is allowed to travel to Latvia only in case of urgent necessity due to work, for receiving of medical services, for transit, and in other cases specified by Cabinet Rules No.655 (clause 5.49.1.1). It is compulsory for all persons, who are planning to cross Latvian border, to complete an electronic form at the web portal <https://www.covidpass.lv/en/> before crossing the border. Entering Latvia all persons aged 12 and older are required to have a document confirming a negative COVID-19 test made at least 72 hours prior to boarding the carrier's transport. This requirement shall not apply to seafarers who must reach their work place aboard a ship or must return from it, and in other situations specified in point 35.4 of Cabinet Regulation No 360. After arriving from a country with a high incidence of COVID-19 (more than 50 cases per 100,000 inhabitants) a ten-day self-isolation is compulsory, except if the person has recovered from Covid-19, has antibodies, and this fact is confirmed by a medical statement.

7. Specific information (max 5 lines)

As at May 31st, 2021, Côte d'Ivoire has 47,292 confirmed cases, of which 46,702 people have been cured, 305 have died.

A total of 517 199 doses of COVID-19 vaccine have been administered in COTE D'IVOIRE. The country expects to vaccinate over 57% of its eligible population by the end of December 2022.

Furthermore, since mid-April 2021, a deficit in electricity production has plunged COTE D'IVOIRE into load shedding, forcing the electricity company to ration households and businesses. This energy crisis is causing disruption in several sectors of activity and therefore slowness and delays in the processing of information and certain obligations.

1. Main measures taken by government

- CONFINEMENT** : None.
- NON ESSENTIAL BUSINESS' CLOSURE** : Hotels and places of worship have been suspended in the 5 counties under lockdown.
- BORDERS' CLOSURE** : Borders are open.
- OTHERS** : The Government on 1 May 2021 eased the covid-19 containment measures by lifting lockdown restrictions on the five hinterland counties.

This may stimulate business activity at Mombasa port with more traffic coming in.

While there may be a bit of congestion on the roads it is unlikely to affect container cargo flow that is largely by rail and port operations are likely to remain normal.

2. Port's situation

Port operations are going on normally with adherence to the government laid measures of hand washing, sanitization, wearing of masks and working at home were applicable.

Kenya has begun to operate Lamu port which is situated about 341 Kilometers north east of Mombasa on 24 May 2021, this is expected to ease the vessel congestion scenarios witnessed at the port of Mombasa from time to time.

The port is expected to largely serve as a transshipment port, as well serving part of South Sudan and Ethiopia.

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT : Le Maroc a allégé les mesures sanitaires et a ouvert ses frontières depuis le 15 juin 2021, sous certaines conditions. Les autorités marocaines ont décidé la reprise des vols de et vers le Royaume à partir du mardi 15 juin 2021. Ces vols s'effectuent dans le cadre d'autorisations exceptionnelles vu que l'espace aérien marocain est toujours fermé. Cette ouverture progressive tient compte de l'évolution de la situation épidémiologique nationale et internationale et de la préservation des acquis réalisés par le Maroc pour endiguer la propagation de la pandémie Covid-19. A cet effet, il a été procédé à la classification des pays en deux listes, conformément aux recommandations du Ministère de la Santé, sur la base des données épidémiologiques officielles publiées par l'Organisation Mondiale de la Santé (OMS) ou par les pays eux-mêmes via leurs sites web officiels. Les voyageurs en provenance des pays étrangers peuvent avoir accès au territoire marocain, s'ils disposent d'un certificat de vaccination et/ou d'un résultat négatif d'un test PCR d'au moins 48 heures de la date d'entrée au territoire national. Selon le Ministère de la santé, les titulaires de certificats de vaccination étrangers bénéficieront des mêmes avantages accordés par le certificat de vaccination marocain.

NON ESSENTIAL BUSINESS' CLOSURE : Il s'agit aussi d'une fermeture des restaurants, des cafés, des commerces et des grandes surfaces tous les jours à 23h00.

BORDERS' CLOSURE : Les frontières marocaines seront ouvertes le 15 juin 2021, selon des conditions préalables.

OTHERS : L'interdiction de déplacement entre les préfectures et les provinces est maintenue, sauf en cas de nécessité extrême ou dans le cadre des déplacements des personnes travaillant dans les secteurs économiques ouverts outre le transport des marchandises et des produits de base, ainsi qu'aux titulaires des passeports de vaccination.

2. Port's situation (max. 10 lines)

Les ports marocains poursuivent leurs activités dans le respect absolu des mesures sanitaires imposées par les autorités compétentes. Le marasme économique à l'échelle mondiale et l'état d'urgence sanitaire au Maroc n'ont pas affecté l'activité d'import-export de marchandises au niveau de Tanger Med, qui continue à recevoir camions et conteneurs contenant des marchandises à destination et en provenance de l'extérieur. Par ailleurs, les mouvements des gens de mer des navires de commerce sont autorisés depuis le 20 juin 2020. Toutefois, Ces mouvements, qui sont soumis à l'approbation préalable de la Direction de la Marine Marchande, doivent se faire dans le respect du cadre sanitaire édicté et adopté dans le Royaume.

3. Inland transports' situation (max. 10 lines)

Néant

4. Airports' situation (max 5 lines)

Malheureusement, Le taux de reproduction de la Covid s'aggrave au Maroc. Le taux s'est aggravé à 1,3 au niveau national durant la dernière quinzaine (22 juin/05 juillet), a indiqué mardi le Ministère de la Santé dans son bilan bimensuel de la situation épidémiologique, faisant état d'une "augmentation notable" de 61,1% des cas positifs.

Le taux de reproduction "se situe loin de l'objectif qui est de 0,7 fixé dans le cadre du plan national de veille et de lutte contre la Covid-19", a averti le chef de la division des maladies transmissibles.

Alerte : Le Maroc va produire le vaccin anti-Covid. Le Roi Mohammed VI a présidé, ce lundi 5 juillet 2021 au Palais Royal de Fès, la cérémonie de lancement et de signature de conventions relatives au projet de fabrication et de mise en seringue au Maroc du vaccin anti-Covid19 et autres vaccins. Ce projet structurant s'inscrit dans le cadre de la volonté du Souverain de doter le Royaume de capacités industrielles et biotechnologiques complètes et intégrées, dédiées à la fabrication de vaccins au Maroc.

1. Main measures taken by government (max. 2 lines of explanation for each measure)

- ☒ **CONFINEMENT** : Covid-19 situation in Bangladesh : Covid-19 situation in Bangladesh : The Government of Bangladesh has taken the following decisions in the current situation of (Covid-19) infection on 29.06.2021 : The government has decided to impose a seven-day strict lockdown across the country from 6 :00am on July 1 to curb the spread of Covid-19.
- Covid-19 spike continues: The Covid-19 situation in Bangladesh is gradually heading towards a grim level, with the country reporting 112 more deaths and 7,666 fresh infections in 24 hours till Tuesday morning. Among them, 67 were male and 45 females With the new numbers, the country's death toll now stands at 14,388 and the caseload at 904,436. Bangladesh has reported over 100 deaths for the third consecutive day this month.
- On Monday as of 28th-June-21, the country saw 104 deaths, its highest ever daily fatality from the virus.
- Highest cases a day after record deaths: On Sunday as of 27th-June-21, the country saw 119 deaths, its highest ever daily fatality from the virus.
- With the new infections, the country's positivity rate reached another peak of 23.97% from Monday's 23.86%, which was recorded at 23.57% last on April 9 this year.
- Mortality rate: However, the country's mortality rate remained static at 1.59% while the recovery rate fell to 89.75% following a continuous drop.
- The number of total infections has gone up to 904,436 in the country in Bangladesh as of 29th of June-21.
- Covid Infection: Three variants spreading rapidly. WHO said several countries including Bangladesh have been recording increased infections and deaths of Covid-19 despite a decreasing trend in both new cases and new deaths globally. Three of coronavirus' four variants of concern (VOCs) are active in Bangladesh. These strains are originated from the UK, South Africa and India. New cases and new deaths have increased by 55%and 54% respectively in Bangladesh.
- Bangladesh may see dreadful peak in Covid-19 ahead of Eid, warn experts: Using a mathematical model, Bangladesh Como Modelling Group, a panel of local and international health experts, also said the number of daily cases is likely to cross 10,000-mark in mid-July, putting immense pressure on the country's healthcare system. Bangladesh is set to enter the toughest lockdown enforced till now from Thursday in a bid to control the alarming Covid-19 situation after logging the highest number of single-day fatalities and cases in three consecutive days.
- Army ready to be on the ground in enforcing hard lockdown: The government is deploying army personnel and border guards alongside the police to strictly enforce rules of the countrywide hard lockdown starting from July 01. No movement pass will be issued to citizens this time to force them to stay indoors during complete lockdown in a bid to contain the virus spread. During this lockdown, people will not be allowed to leave their houses except for emergencies and on top of that no movement passes will be issued like the last time.
- Police will arrest, file cases if rules broken during strict lockdown: DMP: will arrest and file cases against them through mobile courts under Penal Code 269, which we have not done before.
- Hospitals : Many hospitals in Dhaka, Chattogram, Khulna and Rajshahi divisions have been at capacity amid the rising number of Covid-19 patients. Experts say the number of daily tests was too low to represent the true picture. Other districts (have borders with India) were also struggling to accommodate an increasing number of coronavirus patients.
- The Covid-19 situation in the border districts: Khulna division -- which has been the worst affected by Covid-19 transmission over the last two weeks logged the highest 35 deaths yesterday, followed by 22 in Dhaka and 21 in Rajshahi divisions. The RMCH/Rajshai Medical College & hospital recorded 342 deaths in its Covid unit this month until yesterday. Of them, 163 died from the virus while others passed away showing Covid symptoms.

☒ **NON ESSENTIAL BUSINESS' CLOSURE** : Govt. & Private Offices: All government, semi-government, autonomous and private offices will be closed. Bangladesh Bank: extends banking hours: Bangladesh Bank (BB) has re-fixed the banking hours from 10:00am to 2.30pm from Thursday, amid the lockdown to halt the sharp rise of Covid-19 in the country. "Banks will remain open from 10:00am to 4:00pm for their internal transactions. ■ The Universities & Educational institutions : All the educational institutes 49 public and 107 private of the country have been shut since 17 March last year ; will be remain closed till 31th July-21 to curb the Covid-19 transmission. . The government is considering alternatives to SSC and HSC exams if it is not possible to conduct those even with a brief syllabus due to the coronavirus pandemic, said Education Minister. About 4(four) crore students are being hampered due to the coronavirus crisis. ■ University Grants Commission (UGC), suggested that all public universities cut down the duration of the academic year and vacations to make up for academic losses due to the Covid-19 situation. ■ UGC, in the guideline proposed that various holidays like summer, winter and festival vacations can be reduced to complete the final examinations, class tests, assignments and quizzes for all subjects including practical classes.

☒ **BORDERS' CLOSURE** : Border with India to remain closed for another 14 days: has been extended for another 14 days till July 14 amid the worsening Covid-19 situation in Bangladesh.

☒ **OTHERS** : ■ Vaccination continues: On Wednesday, Vaccine 581 people received their second dose of the Oxford-AstraZeneca vaccine, taking the total number of people receiving the second shot to 4,293,181. Meanwhile, 5,820,015 people have received the first dose of the vaccine. Additionally, 7,994 people received their first dose of the Sinopharm vaccine over the same period, taking the total to 95,195 till now. Some 2,237 people received their second dose till Wednesday. ■ Envoy: Bangladesh is likely to get 15 million doses of Sinopharm Covid-19 vaccine from China will receive large Covid vaccine shipment from China soon. ■ Restrictions on movement: Since the beginning of the pandemic, these teams have been implementing the awareness campaign "No Mask, No Entry," mobilizing all service providers to ensure Covid prevention measures are respected at humanitarian service points. On Wednesday, the Cabinet Division issued a gazette notification imposing certain rules and regulations for the lockdown. Under the "Army in Aid to Civil Power Act", the Armed Forces Division will deploy the required number of troops to ensure effective patrolling at the field level. The district magistrate will confirm the matter in consultation with the local army commander.

☒ **NONE** : ■ Businesses and services: Lockdowns to stop the spread of coronavirus both in Bangladesh and export destinations have deeply affected the country's exports, as they hit production as well as sales at outlets of global brands. Demand is expected to decline further in the coming months.

■ Despite the double-digit growth in RMG exports, however, the figure was still 6.89% below the annual target of \$33.78 billion.

■ The last time Bangladesh registered a drop in export earnings was in FY02 when exports fell by 7.44% at \$5.99 billion. RMG sector hit the hardest: The apparel sector, which has contributed to 83% of the total export of \$33.67 billion, has been hit the hardest by the Covid-19 pandemic. Apparel exports plunged by 18.12% to \$27.95 billion, as compared to \$34.13 billion in the previous fiscal year.

Of the \$28.95 billion, Knitwear products fetched \$13.90 billion, 17.65% less than the last fiscal year. Woven items earned \$14.04 billion, registering an 18.58 % negative growth.

2. Port's situation (max. 10 lines)

i. Global container crisis hits local exporters: due to the supply chain disruption in the global shipping sector caused by container shortage and congestion in the transshipment ports, export goods were currently reaching the destination countries following a delay of 15 to 30 days.

ii. Ports (air, sea, naval and land) and related offices will be exempted from the ban/Lock down.

iv. Plenty of empty containers, only a few are handy: 26,336 empty containers were sitting idle at 19 private ICDs. But among them, the number of containers that are specifically required to carry exports is just a few. Of them, there are 13,647 boxes of 20-foot containers, while the remaining 12,689 are 40-foot containers.

iii. "There is an acute shortage of empty containers of these MLOs," Many of the empty containers are idling as their owners. Shipping companies or mainline operators (MLOs) -- do not provide services to the ports in the US and the EU, the two major export destinations for the country's garment sector. The most required MLOs for transporting goods from Bangladesh are Hapag-Lloyd, Mediterranean Shipping Company (MSC), Hyundai Merchant Marine, CMA CGM, and Maersk Line.

3. Inland transports' situation (max. 10 lines)

- Public transports halted, malls shut as 'strict lockdown' begins in Bangladesh :

Road, rail and waterways public transport (including domestic aircraft) and all types of motorized vehicles have been closed.

Harsh steps if health guidelines not followed in public transport: if health guidelines are not followed and social distancing is not maintained in public transport during the ongoing coronavirus crisis.

All types of vehicles except emergency goods carriers will be restricted to move, and only ambulances and medical personnel will be able to travel.

All shopping malls, markets, recreation centres, resorts, community centres, tourist spots will remain shut.

All public gatherings such as social (wedding ceremonies, birthdays, picnics, parties, etc), political and religious ceremonies will be closed.

- Travel Restrictions Land:

Movement of all modes of public transport except goods-laden vehicles and rickshaws will remain restricted and the members of law enforcement agencies will ensure it through regular patrolling.

Besides, railway has cancelled all stoppages of intercity trains in Gazipur, one of the seven districts.

- Accommodation: Hotels and guesthouses remain open, but services and guest capacity are limited. In areas with high infection rates hotels and guesthouses may close completely. Hotels and restaurants will remain open from 8am to 8:00pm with online/takeaway service.

- The authorities of public and private offices concerned will arrange necessary vehicles to pick up and drop their staff.

4. Airports' situation (max 5 lines)

- Latest update: Strict lockdown: International flights will operate, All Types of Domestic Flight Operation will Remain Suspended. (FSR-07/2021): International flights to and from Dhaka will operate as usual, but flights on all seven local routes will be suspended during the weeklong strict lockdown. Emirates has suspended all passenger flights from Bangladesh effective until further notice.

- Turkey halts flights from Bangladesh, five other countries due to coronavirus variants. Turkey has halted flights and all direct travel from Bangladesh, Brazil, South Africa, India, Nepal and Sri Lanka due to new variants of the coronavirus.

- All incoming and outgoing passengers, International Restrictions:

1. Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT : No but Korean government had raised and maintaining national crisis alert level to highest and advising social distancing.

NON ESSENTIAL BUSINESS' CLOSURE : As the confirmed new, mostly locally transmitted, cases spike especially in the Seoul metropolitan area, Korean government decided to extend the Level 2.0 (3rd highest) under the upgraded five-tier system (lowest 1, 1.5, 2, 2.5, 3 highest) social distancing measures in Seoul metropolitan area as of 7 July 2021 for one week restricting gathering (to less than 5 persons) and advising to limit number (1/3) of workers at offices of public institutions and private companies. Whilst the confirmed new, mostly locally transmitted, cases continues to increase across the nation, in consideration of the progress in vaccinations, Korean government decided to introduce a new four-tier social distancing system (Level 1: preventive measures, Level 2: local transmission stage (limiting gathering), Level 3: region transmission stage (ban gathering), Level 4: nationwide transmission stage (ban leaving home)) as of 1 July 2021 with a view to ease the restrictions but to increase prevention measures and voluntary containment. All other areas are under Level 1 of the new distancing scheme as of 1 July 2021 not restricting private gathering (subject to decisions of the cities and provinces) and advising to limit number of workers at offices voluntarily.

BORDERS' CLOSURE :

OTHERS : Effective from 1 April, all entrants from overseas will be subject to 14 day self-isolation at home or at government designated facilities and to the special entrance procedure (temperature check, submit travel record declaration, health questionnaire, and etc.). The country counts 439.379 deaths and 15.735.485 cases, according to the balance of the consortium of press vehicles with information from the health departments of the States. There were 2.517 deaths recorded this Tuesday (May 18). Brazil now completes 118 days with the moving average of deaths above the 1.000 mark. There are 59.609.468 doses of vaccines against Covid applied across the country, but only 9.31% of the population received the second dose, completing the immunization schedule.

Covid: Anvisa updates guidelines for ports and vessels

[Texto em português abaixo]

On April 30th, the National Health Surveillance Agency (ANVISA) published Technical Note 5/2021, which updates and effectively compiles the guidelines for ports and vessels in this period of the Covid pandemic.

The Technical Note brings a detailed definition for “close contact” in a vessel and the port area, with subtle but important differences. Thus, if there are thirty crew members or fewer on the vessel, they are all considered closed contacts and subject to quarantine.

Either way, the Technical Note states that if there is a possible or confirmed case of COVID-19 on a vessel coming from a foreign port, all the crewmembers shall be tested.

If there is a possible COVID-19 case, the vessel will be in quarantine for 14 days. However, the quarantine can be lifted from the tenth day onwards if all crewmembers are tested negative (PCR test)

The Technical Note leaves it open for the Authority to consider if the 14 days period will begin on the day that the sample for the test is collected on the day of the onset of the symptoms. Still, it states clearly that the 14 days period will restart if there is another case registered on board.

The prohibition of maritime cruises and the restriction of disembarking of crewmembers remain in place, except for those related to repatriation and medical or dental assistance, according to Ordinance No. 652 of January 25, 2021 and its updates.

Another relevant update occurred on May 14th, when ANVISA published Ordinance 653/2021, which bans passenger flights from and with a passage in India, maintaining similar bans for South Africa and the United Kingdom only cargo flights.

Main measures taken by government (max. 2 lines of explanation for each measure)

CONFINEMENT : YES. Congress has extended the “State of Exemption”, set in place in March 2020, for another 90 days. The nightly curfew also set in place in March 2020 still remains active from 22-05 hours every night. For the past 3 month most of the country had been under a full lockdown 24/7 with only 2 permits per week for 2 hours each to leave the house. People who had received both dosis of SINOVAC plus 15 days obtained a vaccination certificate which allows them to leave the house during day time but for circulation in their respective district only. No further national travels allowed, except for humanitarian causes or essential workers. Now, they came to the conclusion that it is not healthy to keep people locked-up in their homes for more than 90 days and those districts who are under the 24/7 confinement are to advance to the next step, which means they only have to stay at home during weekends, even if the infections per district are still high. At this moment Chile is seeing decreasing numbers in daily infections and death toll, but a few days ago the first cases of the DELTA mutation were registered in the country. International borders remain closed for travellers. Borders for cargo shipments remain open und trucker's from neighboring countries must present a negative PCR-Test to enter the country. 68% of the total objective population has received full vaccination, but daily new infections remain high.

NON ESSENTIAL BUSINESS' CLOSURE : YES. Depending in which fase the respective district is.

BORDERS' CLOSURE : For travellers yes. Open for cargo.

2. Port's situation (max. 10 lines)
