International COVID-19 Overview

From CESAM's Average Agents

Dear all,

In this current context linked to COVID-19, our first thoughts go to our Networks, Average Agents, recommended by our CESAM Group. They're facing new challenges everyday as countries try to cope with the COVID-19 pandemic.

CESAM | International Department
Networks Unit
Mathilde DOCQUIERT

We would like to warmly thank our Average Agents for this precious collaboration. The following sheets are directly completed by them, without modification of CESAM.

If you have any questions, feel free to contact them.

The current positivity rate is 12.20 percent while the total positivity rate stands at 13.76 percent.

NON ESSENTIAL BUSINESS' CLOSURE:

BORDERS' CLOSURE:

OTHERS: "Wearing masks now mandatory": New set of directives after Covid-19 spike: The government today (June 28, 2022) made it mandatory for people to wear masks whenever they go out of their houses to limit the transmission of coronavirus after the recent surge in cases.

Bangladesh has been witnessing a sudden surge in Covid-19 cases since the beginning of June after months of a negligible infection rate:-

Respiratory disease experts said the fresh wave of coronavirus was unsurprising considering the trends of previous waves. They urged the public to be cautious and maintain health guidelines to stop the new wave from becoming worse. The public gathering is one of the prime reasons behind spreading Covid-19.

In June, the country reported 18 Covid-linked deaths and 20,201 new cases, according to the DGHS. The country registered its highest daily caseload of 16,230 on July 28 last year and daily fatalities of 264 on August 10 in the same year.

7. Specific information (max 5 lines)

Today's register: 79 infections, one deceased, 1,329 active cases of which 13 are admitted to CTI

It is the second day in a row that fewer than 100 new infections of the disease are verified. The percentage of positive results was 1.24% and the day before it had been 1.73%.

The Harvard University Index, which calculates the incidence of the disease per 100,000 inhabitants based on the average number of cases in the last seven days, today fell 0.21 to 3.55. The departments of Artigas, Rivera, Tacuarembó, Durazno, Flores, Florida, and Lavalaja are under the green colour of this indicator. The rest in yellow.

Artigas and Flores are the only departments in which there are no active patients.

In the last month, deaths from covid represented only 1% of the country's total deaths.

77% of the population is vaccinated with 1 dose of vaccine, 72% with a second dose and 25% with a third dose.

Inchcape Port Updates on COVID-19

Kuwaiti authorities will permit vaccinated non-citizen adults to enter the country for non-essential travel beginning August 1. The measure applies to those who have received two doses of the AstraZeneca, Moderna, or Pfizer-BioNTech vaccines or one dose of the Johnson and Johnson vaccine. In addition, travelers must present a negative PCR test result taken less than 72 hours before arrival and quarantine for seven days upon arrival. During the quarantine period, travelers must undergo another PCR test and test negative to move freely.

Amid a decline in COVID-19 infections, Kuwait cautiously entered the fifth phase of a gradual return to normal life, with various sectors returning to full capacity. The airport resumed operations at full capacity. Worshippers in mosques are now praying without distancing, while the requirement to wear masks in open areas has been lifted. However, wearing of masks and maintain social distancing is still in force in closed places such as shopping malls, restaurants and cafes.

The Cabinet had also asked the interior ministry and the manpower authority to start issuing all types of visas to people vaccinated with approved vaccines (Pfizer-BioNTech, Oxford-AstraZeneca, Moderna and Johnson & Johnson)

2. Port's situation (max. 10 lines)

Australia's borders are currently closed and entry to Australia remains strictly controlled. All commercial vessels must now use the Maritime Arrivals Reporting System (MARS) for all vessel pre-arrival reporting.

All vessels entering Australia that have a suspected case of COVID-19 on board will not be allowed to unload goods or disembark travellers until cleared to do so by the human biosecurity officer. Where vessels have a suspected case of COVID-19 on board, a human biosecurity officer will screen for COVID-19, determine the appropriate course of action and issue directions.

3. Inland transports' situation (max. 10 lines)

State borders remain closed from known exposure sites across ACT, NSW, VIC unless exempt and must hold the valid border permit, adhere to mandatory COVID-19 testing and vaccination requirements.

Transport or freight of goods is exempt from border controls on the condition that the person performing the services must meet State exemption requirements; hold and display a border permit, wear a mask, practise social distancing, remain self-quarantined and submit a COVID-19 management plan. COVID-19 testing is required.
